## Static IP Request Form

What is a static IP? A static IP address is one that never changes. A few use cases may include, website hosting, eCommerce, virtual private network (VPN), or other remote access solutions.

goBEC Fiber Network offers static IP addresses at \$5.95 per address. A static subnet may be requested, see the attached chart for reference. Please allow up to 5 working days once the request is approved.

\*Static subnet must have 3 or more IP addresses

goBEC Fiber Network is proud to be able to assign IPv6 addresses. Each location can take advantage of a static IPv6 /48 provided with any static IPv4 assignment at no additional cost. A standalone IPv6 /48 assignment is available on request for \$5.95 per month without justification per location.

Is this request specifically for IPv6?: ( Y / N ) If yes, skip IPv6 utilization detail section.

Name: \_\_\_\_\_

Telephone Number: \_\_\_\_\_

Technical Contact Name: \_\_\_\_\_

Telephone Number: \_\_\_\_\_

Please list below in detail how the requested space will be utilized (Skip if IPv6 Only)

---

---

Please list the WAN MAC Address of the device that will be directly connected to the internet:

---

Do you require a specialized reverse DNS entry for this static IP assignment: ( Y / N )

If yes, please state or attach the FQDN (Fully Qualified Domain Name):

## Static IP Request Form Information or Reference

An IPv6 /48 assignment contains 65,536 subnets of 18,446,744,073,709,551,616 addresses each.

\*Static subnet cost and address breakdown:

Subnet Size	/29	/28	/27*	/26*	/25*
Reserved for Infrastructure	5	5	5	5	5
Usable	3	11	27	59	123
Subnet Price	\$ 9.95	\$ 9.95	\$ 9.95	\$ 9.95	\$ 9.95
Address Cost	\$ 17.85	\$ 65.45	\$ 160.65	\$ 351.05	\$ 731.85
Total	\$ 27.80	\$ 75.40	\$ 170.60	\$ 361.00	\$ 741.80
*Depending on address inventory, assignment may be delayed up to 13 months.					
For /24's or larger, assignment will be delayed by up to 13 months.					

Thank you for submitting your request.
